Logic Pro Native Plugins & Instruments.

Plugins and Instruments from Third Party Manufacturers accessible from separate tabs at the top of each menu.

Clicking On The White Circle Will Expand Logic Pro's Tools for Editing

Logic Pro Tools Menu

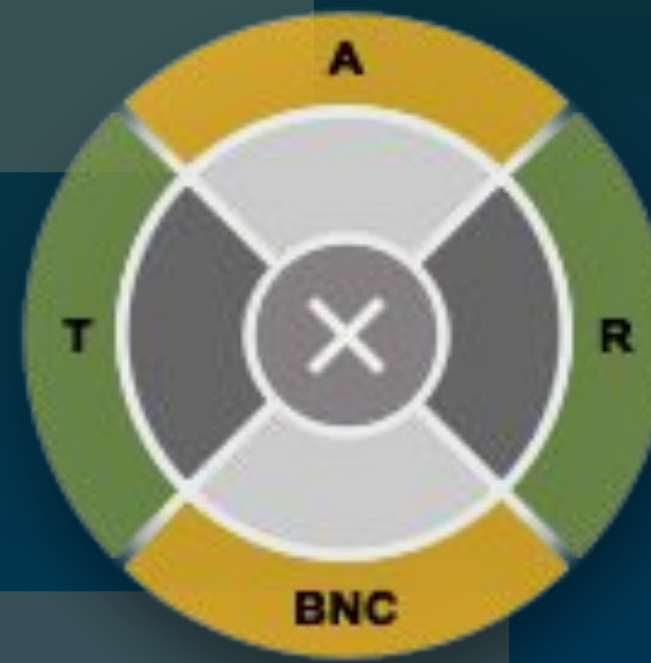

Logic Pro Tools Menu

In Logic Key Commands Assigned to the letter "T"

The 4 outer Ring Segments:

- A = Select All regions and Zoom to Fit the Arrange Window
- R = Selected Region(s) Zoom to Fit the Arrange Window
- BNC = Open Bounce Mix Window based all Regions in the Arrangement
- T = Selected Track Zoom

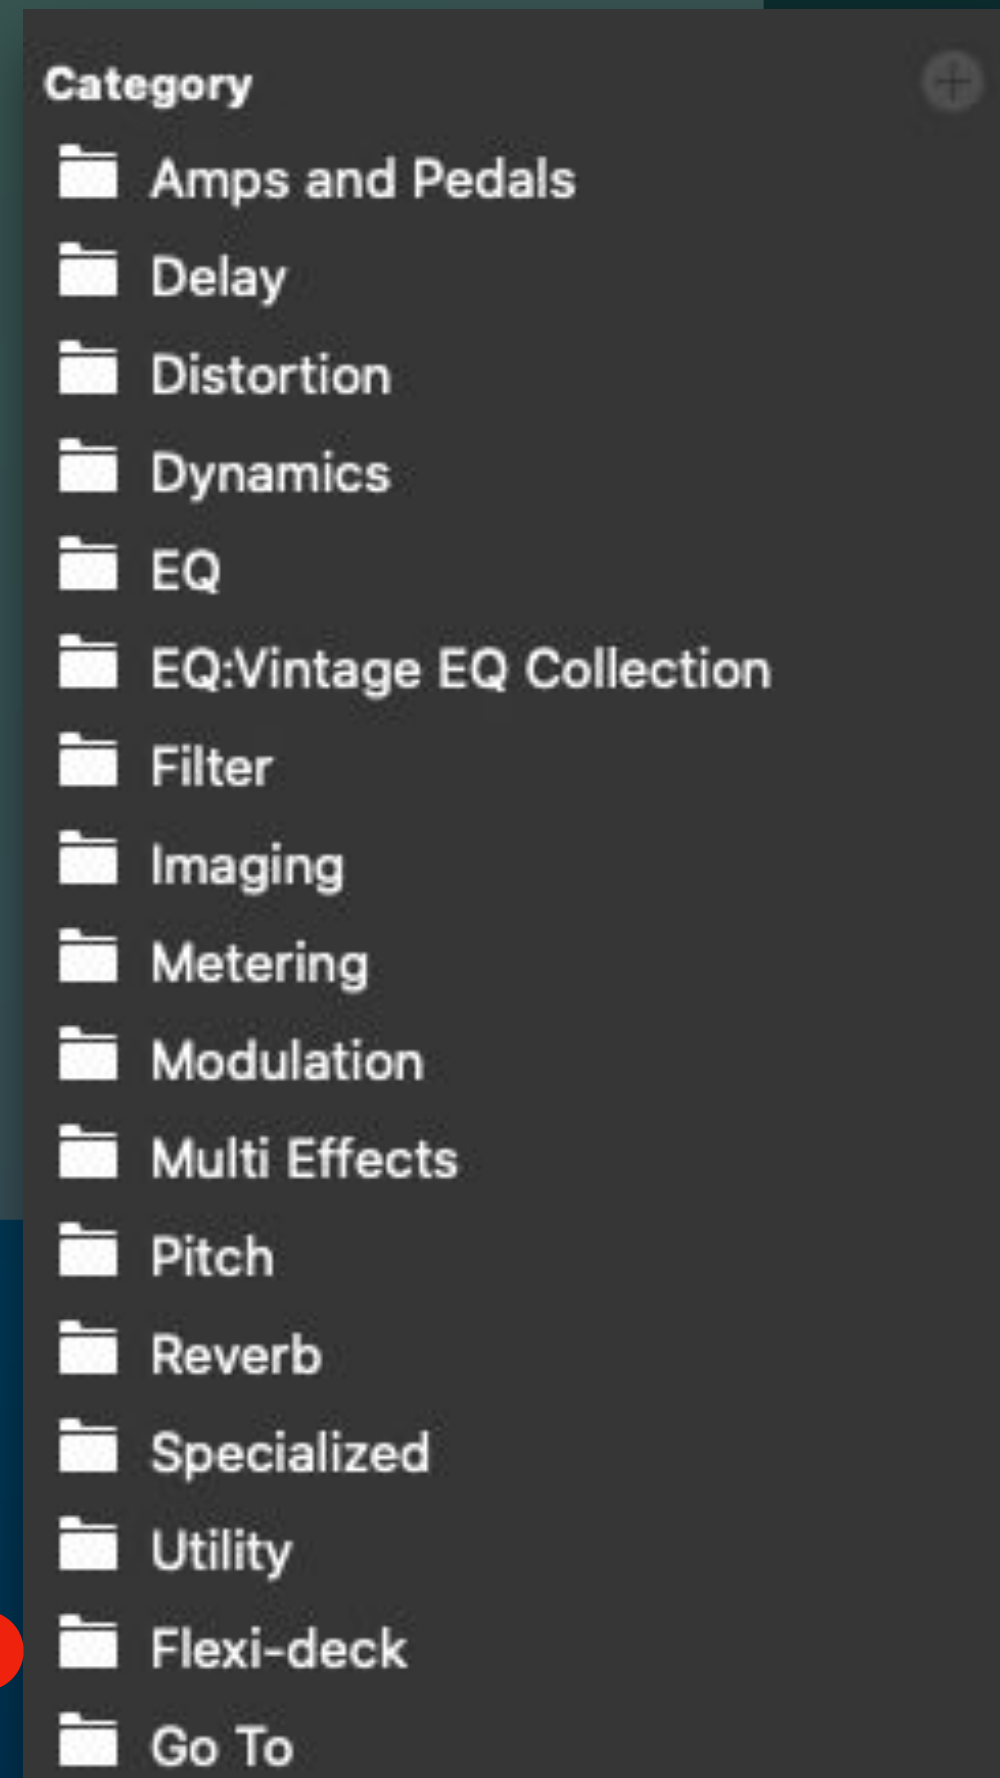

The Inner Ring Controls The Horizontal & Vertical Zoom Parameters of the Arrange Window

Arrangement Zoom Wheel

Plugin GUI
Magnification

The Flexi-Deck Folder has to be created in Logic Pro's Plugin Manager.
Go to Logic Pro > Preferences > Plug-in Manager...

The Flexi-Deck Folder is User defined via the Plugin Manager

Click on 'PLUGINS' in the Main Navigation Menu to Invoke the Flexi-deck Plugins Folder.

User favourites and 'Go To' Plugins can be stored here for quick access

LOGIC PRO MACRO LIBRARY

STANDARD EDITION

The image displays the Logic Pro Macro Library Standard Edition interface. It features a central grid of macro categories, a Flexi-Deck on the left, and a MIDI controller at the bottom. The background shows a Logic Pro project window with multiple tracks.
